

15 May 2015

Dear Sirs,

SD Studio Architects are happy to confirm that Crowngate Construction undertook and successfully delivered works for one of our recent projects, whose value was approximately £400k.

Crowngate Construction's commitment, pro-active attitude and accountability were the key elements to the success of this collaboration. SD Studio Architects and the client are both impressed and satisfied with Crowngate Construction's professionalism and genuine interest for the works and consequently the ultimate result.

More specifically, Crowngate Construction delivered the project on time and on the initial budget. Moreover, the centre management team were constantly kept up to date on the progress of the works, resulting to their smooth completion. What particularly impressed us and the client was Crowngate Construction's ability and competence not only to accommodate client's requests but also to foresee future Tenants/Users' queries about the project.

SD Studio Architects are proud to have collaborated with Crowngate Construction and would be more than happy to work with them again in future projects.

Yours sincerely
