Re: Crowngate Construction – Extension and remodel

We worked with our architect Laura Walsh of Callingham Architects to choose the right builder for our project to build a garden room extension and remodel some rooms and Crowngate Construction was the perfect fit for us. The professionalism of Raza Ullah (Director) and his team was apparent from day one. Throughout the build, each professional arrived on time, worked incredibly hard and always tidied up at the end of each working day. Consequently, our build completed 5 weeks ahead of schedule allowing us to enjoy the beautiful rooms they had created in time for summer.

Raza was on site everyday ensuring the deliveries, professionals were all in the right place at the right time. Communication between us was excellent and Raza talked us through the work that was going to be completed each day and offered advice and guidance as to slight amendments to the original plans we wanted to do. Having a partnership like this ensure that the build was stress free, on our part and a great building experience.

We would highly recommend Raza and his team as they will not disappoint.

Mr and Mrs Burns
